BIOGRAPHY

Kaiit

It's not often that you come across an upcoming artist, hailing from Melbourne, Australia, that has been co-signed by two Neo-Soul Queens, Jill Scott and Erykah Badu, as their musical love child from down under.

Kaiit, who has been singing since she can remember, is blessed with an enchanting voice that crosses musical boundaries managing to mesmerise listeners all around the world with her unique personality and sound.

Born in Papua New Guinea, Kaiit bounced back and forth between Australia and her homeland as a child before her family eventually settled down in Melbourne.

Kaiit grew up listening to alternative music, with her parents embracing the likes of Pink Floyd. Over the years she developed a love for jazz and neo-soul, which is evident in her music. Kaiit draws inspiration from her idols Amy Winehouse, Lauryn Hill and the contemporary sounds of Noname Gypsy and SZA. Kaiit's artistic background in both beauty and fashion is apparent in her inimitable style and edgy aesthetic.

After coming into the scene with her first single **'Natural Woman'** going viral, Kaiit shook up the world of future-soul and RnB. She's been named as one the **best rappers under 25 by Red Bull Music**, sharing the list with artists such as Joey Bada\$\$ and Chance the Rapper. Kaiit's last single **OG Luv Kush p.2** has clocked over **2 million views** on Youtube and been shown plenty of love from

multiple international radio stations and playlists including being praised by Soulection's very own, Jarreau Vandal.

With the release of her debut EP **'Live From Her Room'** in 2018, Kaiit has managed to attract attention worldwide and found herself gaining a total of over **4 million streams on Spotify** alone, emphasising that Kaiit's significant rise as a recognised artist has been a result of independent organic growth.

In the second half of 2018, Kaiit travelled across Australia and New Zealand on a **sold out 13 date National Tour**. After sell out shows and multiple festival appearances, Kaiit has shared the same stage with respected artists such as **Aloe Blacc, Smino** and **The Internet** at their Australian shows.

Significant milestones from the young and rising star include making the **2019 Youtube shortlist**, nominated for **Best Female Musician for the 2018 Age awards**, featuring on **Beats One with Zane Lowe**, and was the highly sought after artist at **Big Sound in 2018**.

At only 21 years old, 2018 proved to be a significant year for Kaiit and she will continue to plow her way through 2019 with ease, affirming that the future is so bright for this vessel of love.
